

Carthew Corporation Pty. Ltd.

ENVIRONMENTAL CODE OF PRACTICE

- Always wear appropriate personal protective equipment
- Follow operational controls when performing your work
- Only operate machinery as directed
- Always handle and use chemicals according to their MSDs and store in the approved storage areas
- Ensure spill kit is accessible and identifiable
- Ensure the safe location and use of electrical cords and appliances, away from sources of water (water and electricity don't mix)
- Notify Kylie or Deidree of any potential environmental danger or spill
- Observe our environmental policy
- Keep waste streams separated and dispose of accordingly
- Keep your work area clean and organised to minimise environmental risks
